

Abex HRMS Interface Architecture

Comprehensive Application Snapshots & Workflows

Prepared by:

Mohd Salim Ansari

AI Engineer, Abex

Document Overview:

This document provides a structured, visual walkthrough of the Abex Human Resource Management System (HRMS). The application's interface is divided into functional domains to serve different organizational roles. The following sections serialize the 28 core portal views, capturing the distinct capabilities available to System Administrators, HR Executives, Team Managers, and individual Employees.

1. Authentication & Login
